A gorgeous Jazzy BCB daughter with a fun personality. This young cow has all of the desirable traits we need in our programs. She can raise a big calf, breed right back and weathers the winter months while maintaining her own weight. She's double bred Poco Lady BL and has both the Ringa Dinger and Rutledge's Miss Dixie genetics to make her an asset to anyone's program! She's bred to Black Market C&B to add some WS Sun Star, WS
