Shamrock Amazing Horne has powerful genetics that most are looking to add to their herd. Her granddams, Texana Van Horne and W5 Rainbow have good foundation genetics for a lot of breeders. She's brown, black and white with pretty Texas handlebar horns. Her udder is well attached with good, small teats. You can't go wrong with these genetics.

Total Horn: 86.0000 on 07/29/2019
